HIGH SCHOOL P.-T. A. OFFICERS CHOSEN FOR NEW YEAR

MRS. E. B. WYMAN IS PRESIDENT OF ORGANIZATION; UNIFORM CONSTITUTION FAVORED

A meeting of the Glendale Union High School Parent-Teacher Association was held yesterday afternoon, Mrs. H. W. Yarick presiding.

The meeting opened with the flag salute led by the chairman of patriotism, Mrs. C. L. Peckham. Minutes of the last regular meeting were then read by the secretary. The report of the treasurer showed that the association had $16.50 in the treasury.

Mrs. L. T. Rowley, chairman of the committee to draft a new constitiution, reported and read the uniform constitution which is being adopted by all the Parent-Teacher Associations of Glendale and which was accepted, with the addition of stating that the first meeting of the new year will be held the third Wednesday of October.

New Officers Selected

Mrs. Houston, chairman of the nominating committee, gave her report of the following names, which had been selected to fill the various offices of the association for the coming year, as follows: Mrs. E. B. Wyman, president; Miss Maude Soper, vice-president; Miss Eva Daniels, secretary; Mrs. Blanche Aagerson, treasurer; R. R. Baker, auditor; Mrs. W. W. Stofft, historian.

This committee's report was accepted and the secretary was instructed to cast a ballot for the names as read for officers for the ensuing year.

A motion was carried to the effect that money be taken from the treasury to purchase a flag for the Glendale Union High School Parent-Teacher Association.

Mrs. Yarick stated that members of the association had appeared before the high school board of trustees relative to requesting that Mrs. Moyse again be put on the faculty of the school as dean of girls. This met with the approval of the board and all that now remains to be done, Mrs. Yarick stated, is to secure the consent of Mrs. Moyse, and suggested that a petition be signed by members of the association and presented to her. A recommendation to this effect was made in the form of a motion and carried.

Supports Educational Bill

George U. Moyse spoke of the Smith-Towner bill which is again before congress. The purpose of this bill is to have the United States government participate in the education of the young people throughout the country, as well as having the state and local communities take an active

Conference Of Young People To Be Held

Following the County Sunday School convention, to be held in the First Presbyterian church, Pasadena, May 19-20, the Los Angeles County Sunday School association will hold a conference in the same church for older boys and older girls, May 21-22.

Delegates are limited to 300. Each church is expected to elect three older boys and three older girls and one adult leader to attend the above conference. The theme of the conference is "The Jesus Way of Living."

The conference is being called for the purpose of developing leadership for the "Kingdom's sake and not merely for leadership's sake." Pastors, superintendents and parents ought to appreciate the opportunity of having some of the key leaders of their young people come in contact with many national and state leaders in Sunday School work.

E. J. Kearns Family Leaves On Auto Trip

E. J. Kearns of 925 North Louise street, together with his wife, baby and mother-in-law, left Glendale Tuesday morning on an automobile trip to San Francisco. The trip is one of both business and pleasure, the motorists planning to remain about a week in the northern city.

Mr. Kearns, who is the son of ex-Senator Kearns of Utah, is an actor by profession, and has recently come to California for a rest and inspiration. They have been living in Glendale just three weeks.

HARRY H. TISDALE VISITS HERE

Harry H. Tisdale, trainmaster for the Santa Fe lines at Winslow, Ariz., who was a former resident of Glendale, visited this week at the home of his mother, Mrs. Gertrude M. Tisdale, 336 West Acacia street.

Find Massasaugas On Verdugo Road; So? Well What Are Massasaugas?

Either spring is here or there's too much moonshine or sunshine or something out in the hills these days.

Three rattlesnakes were reported caught yesterday on the G. B. Woodberry ranch on Verdugo Road.

It is customary for these venomous vipers to crawl out of their winter quarters this time of the year and sun themselves on the rocks.

Oh, yes. The dictionary calls the prairie species of rattlers, which are said to be found here, massasaugas.

Will someone please pronounce it quickly?

J. Chester Nichols Is Visitor In Glendale

A number of Glendale's older citizens were agreeably and pleasantly surprised yesterday when visited by J. Chester Nichols, former resident and popular young man of this city.

Mr. Nichols states his present home is in Seattle, Washington, to which city he moved after leaving here four years ago. He is now on the last lap of an extensive thirty-day vacation trip that has already taken him through seventeen states throughout the east and middle west. He leaves Los Angeles Friday night and expects to arrive in Seattle on Monday morning.

Until his departure four years ago Mr. Nichols was one of the best known and well liked youths of Glendale, having graduated with honors from the local high school in 1916. He then became affiliated with a Los Angeles wholesale clothing establishment, where he was rapidly promoted to an important position. At this time, however, his parents, Mr. and Mrs. Enos Nichols, who had resided at 933 East Lomita avenue for the previous fourteen years, moved to their present home in Seattle, and he also forsook Glendale for the northwest.

After serving two years in the army in France and this country Mr. Nichols returned to his parents' home in Seattle. He at once secured employment in the Seattle National bank, in which institution he now holds a responsible position.

Although he is happily and prosperously situated in the Washington metropolis the genial young banker claims that there is no climate anywhere that compares with that of southern California, and that he hopes to return to stay some day.

Mrs. Grace Dennerlen Hostess At Luncheon

Mrs. Grace M. Dennerlen of 1106 North Central avenue entertained at luncheon Saturday in honor of Mrs. Edith Willson, who has been visiting in southern California for the past three weeks. An even half dozen lady friends of Mrs. Willson and Mrs. Dennerlen enjoyed the happy affair, which included, besides the dainty luncheon, numerous games and a short musical program.

Mrs. Willson left Glendale Monday morning for Venice, where she will spend a week visiting Mrs. A. H. Hall before returning to her home in Oakland. Mrs. Hall's name will be recognized by many north Glendale residents, as she formerly lived in that section of the city for several years.

H. L. Hock En Route To Home After Vacation

Word has been received that H. L. Hock, whose home is at 612 East Orange Grove avenue, this city, has left Clarion, Iowa, and is now on his way to Glendale. Mr. Hock is completing a combined business and pleasure trip which has lasted a month and a half and has taken him through practically every state in the middle west.

From Glendale he went directly to his former home in York, North Dakota, spending several weeks visiting friends and transacting business in that town. From there he visited cities in North Dakota, South Dakota, Nebraska, Minnesota, Wisconsin, Iowa and Kansas.

John Thomas Wyvell's Funeral To Be Friday

Funeral services for John Thomas Wyvell, aged 61 years, who passed away at La Crescenta May 16, will be held at the Little Church of the Flowers at 3 o'clock tomorrow afternoon, Rev. W. E. Edmonds officiating. Interment will be at Forest Lawn Memorial Park. Mr. Wyvell is survived by a widow, Mrs. Bertha Wyvell, at La Crescenta; a brother, James Wyvell, of Glendale, and another brother, Gilbert F. Wyvell of Los Angeles. L. G. Scovern Undertaking company in charge.

GIVE MAY FESTIVAL AT INTERMEDIATE SCHOOL FRIDAY

AFTERNOON AND NIGHT WILL BE GIVEN OVER TO BIG PROGRAM OF FEATURES

An event which is being looked forward to with much interest is the May festival to be given on the grounds of the Intermediate school tomorrow afternoon and evening by the Glendale Federation of Parent-Teacher associations.

The first event of interest will be the children's parade, which is open to children up to the fourth grade, and will form at 3 o'clock at Maryland and Wilson avenues. Costumes will be judged and prizes awarded. At 3:30 o'clock the children of the Central avenue school will put on a May pageant on the lawn in front of the Intermediate school. Another interesting feature will be the children's pet show. Entries may be brought in up until 4 o'clock, when the judging will begin and prizes awarded.

These Donated Prizes

Prizes for the parade and pet show have been donated by the following Glendale merchants: Spohr's Drug store, Roberts & Echols' Drug store, Irish Linen store, Williams' Dry Goods store, Neale & Gregg Hardware company, Cornwell & Kelty Hardware company, Bott's Book store, H. S. Webb & company, Fisher's Variety store and Carney's Shoe store.

At the various booths, which will be in charge of the Parent-Teacher associations of the federation, will be the fishpond, candy and popcorn, fancywork and caps, side shows, cooked food, coffee, hot dogs, salads, ice-cream and sandwiches. Music will be furnished by Warren Meeker's jazz band. Numbers for the side show will be contributed by students of the high school and will open at 7 o'clock in the evening. The grounds will be illuminated by the public service department of the city. At 8 o'clock there will be a program given in the auditorium of the school and for which a small admission will be charged.

Community Orchestra To Aid Church Fund

La Canada community orchestra, assisted by Grace Belle Taylor, dancer, will present a program tomorrow night in the La Canada school auditorium for the benefit of the new community church which will be built at Michigan and Holmwood avenues. The church will cost about $40,000 and will include a modern gymnasium, fully equipped, in the basement of the church for the young people of the community. A splendid kindergarten room will also be provided. Dr. Selwyn Evans is pastor of the community church and feels very gratified for the interest which is being shown in this new community church enterprise.

Those in charge of the community orchestra are Harry H. Wood, president: Miss Edra Waldron, secretary and treasurer; T. J. Sappington, director. The personnel of the orchestra is as follows: T. J. Sappington, Homer Boyer, J. C. Johnston, A. Allgeyer, Mrs. T. J. Sappington, Mrs. Ray Pearson, F. P. Sappington, L. Marquez, Wallace Yersley, E. Reynoso, J. M. Maineritch, H. Wood, G. H. Killinger, A. Montiel, Miss Edra Waldron, Q. Hannon, Miss Gladys Smith, F. E. Quigley, Miss Mary Bell, J. Reyes. Other than orchestral selections and solo dances, the program will also include vocal solos by Miss Blythe Taylor.

Mrs. Louise L. Mudge, Age 82, Taken by Death

Mrs. Louise L. Mudge passed away at her home, 117 South Adams street, May 18, at the age of 82 years. She has been a resident of Glendale for six years. Mrs. Mudge was born in Monroeville, Ohio, February 17, 1839, and was a widow of the late Rev. John A. Mudge. She leaves a sister and brother, with whom she had made her home, Miss Sarah C. Green and James S. Green, and a step-son, Wilbur D. Mudge, who resides in the east.

Funeral services will be held at the parlors of the Jewel City Undertaking company Saturday at 2 p. m. Interment at Forest Lawn cemetery. Rev. C. M. Crist will officiate.

E. J. HUBER COMES HERE

E. J. Huber of Louisville, Ky., arrived in Glendale yesterday and already is associated with the Glendale Realty company in their offices at 131 South Brand boulevard. In Louisville he was with the John D. Rommel Tire company. Mrs. Huber is on her way west now.

NEW RECORDS WILL BE ESTABLISHED BY BUILDINGS

CONSTRUCTION ACTIVITY WILL BE UNUSUALLY HEAVY IN SUMMER, PREDICTED

With an upward swing, the pendulum of permits, filed at the public works department in the city hall, shows that 1921 building boom here is now due to smash records during the warmer months which are ideal for construction purposes. The total for the year to date at noon was $1,468,211, and for the month of May so far $259,870.

H. H. Parker was granted a permit this afternoon to erect a store building on the northwest corner of Doran street and Columbus avenue. It will be a two-story frame and stucco structure with four storerooms and apartments above. The cost will be $20,000 or more. It is understood that a drug store, grocery, barber shop and shoe repair shop will occupy the building.

Another permit of large proportions is to be filed this afternoon, it is stated on good authority. This will bring the total to $1,500,000 it is believed. Following are the permits issued in the last twenty-four hours:

List of Permits

H. H. Parker, store building, Doran and Columbus	$20,000
S. A. Davis, 1-room store, 122 West Colorado	4,500
C. G. Yarbrough, 5 rooms, 220 South Sycamore	4,000
S. L. Smith, office and storeroom, 114 South Glendale	1,000
Mrs. M. Fowler, 2 rooms, 619 East Orange Grove	300
C. A. Bowen, garage, 212 West Garfield avenue	100

Madrigal Club Gives Delightful Program

A program of unusual interest to music lovers was that which was given by the Madrigal club, of which Mrs. C. A. Parker is director, with the assistance of Mrs. Enona Hopkins, harpist, and Mrs. Frank Arnold, mezzo soprano, at the Congregational church last night. The program opened with the singing of a hymn by the club and audience, which was followed by a prayer by Rev. C. M. Calderwood. The program also included the following numbers:

"Land of Hope and Glory" (Elgar), Madrigal club; harp solo, Mrs. Hopkins; reading, Mrs. J. R. Jones; invocation (Rogers), Madrigal club; reading, Mrs. J. R. Jones; address on subject "Music," Rev. C. M. Calderwood; solos, (a) "Oh, Dry These Tears" (Del Riego), (b) "At Dawning" (Cadman), with harp accompaniment, Mrs. Frank Arnold; "While By My Sheep," Madrigal club; reading, Mrs. Jones; "The Lost Chord" (Sullivan), Mrs. C. A. Parker and club accompanied by piano and harp; "America," by club and congregation; benediction.

All available seats in the church were taken. At the close of the evening a silver offering was taken for the benefit of the music fund of the church.

Local Phone Officer Secures High Honors

First place among twelve districts in the Southern California division of the Pacific Telephone and Telegraph company collections for the month of April is the record of the Glendale office of which Fred Deal is manager.

According to the latter the local office always stands high, and last year's average here for collections was two plus. Losses are small, probably due to the class of patrons served by the local telephone district which embraces Burbank, Newhall, Palmdale and aVn Nuys, as well as Glendale.

Long distance business for the entire San Fernando valley also is handled through the local office, but even then the revenue is surprisingly low considering the large number of employes and heavier operating expenses.

AMBASSADOR TO ATTEND

WASHINGTON, D. C., May 19.—Colonel George Harvey, American Ambassador to London, will attend the meeting of the supreme council which is to take up the Silesian boundary dispute, it was difinitely stated at the state department today.

REVOLUTIONISTS TAKE CITY

HELSINGFORS, May 19.—The Siberian city of Omak has fallen to an army of forty thousand Russian revolutionists, according to reports here today. The army, under command of General Rueoly, was said to be marching toward Omsk.

MOTION PICTURE DIRECTOR TALKS AT C. OF C. FORUM DINNER TONIGHT

'Better Motion Pictures For Sunday' Will Be Subject Of Address By A. Lincoln Hart

"Better Motion Pictures for Sunday" will be the subject of the address to be delivered by A. Lincoln Hart, motion picture producer and representative of the Ethical Motion Picture society, at the Chamber of Commerce Forum dinner this evening at 6:30 o'clock in the Glendale Union High school cafeteria.

E. F. Saunders, for years the sales manager for a Chicago tractor concern, also will speak, new members will be introduced and Secretary James M. Rhoades will make a report of the Chamber of Commerce work here and the finances of the organization.

There will be an opportunity for new business to be presented by members and several matters of importance with regard to the policy for the summer months are to be decided.

An advance sale of tickets for this dinner assures a large number in attendance tonight and the program should prove more interesting than usual as both Mr. Hart and Mr. Saunders are whirlwind speakers.

Today's World News In Brief

(By United Press to Glendale Evening News)

FRANCE, IGNORING ENGLAND, SENDS NOTE TO BERLIN

PARIS, May 19.—Ignoring Britain in the Upper Silesia controversy, the French government today sent a note to Berlin, protesting against the entrance of unorganized German bands into Silesia. The note intimated that Germany should close her frontiers.

GRAIN PRICES DROP ON CHICAGO BOARD OF TRADE

CHICAGO, May 19.—Grain prices dropped on the Chicago Board of Trade at the opening today due to success of legislation in the Illinois assembly, which if enacted into laws, will abolish the great grain market. July wheat opened off 2 at 116½ and quickly lost an additional ½. Other wheat quotations showed a similar loss. Corn and oats were off from ¾ to 1 cent.

CHIEF JUSTICE EDWARD DOUGLAS WHITE IS DEAD TODAY

WASHINGTON, May 19.—Chief Justice Edward Douglas White of the United States Supreme court, died here today at 2 a. m. The chief justice did not arouse from the coma into which he sank late Tuesday after an operation the preceding Friday. Mrs. White and two nieces, Miss Anne Montgomery and Miss Mary Broussard were at his bedside when the chief justice passed away. A Catholic priest was present also. Justice White was 76 years old. More than twenty-seven years he served on the Supreme court and has been chief justice since 1910. His death cast a pall of sorrow over official Washington. He was one of the best loved men in public life.

TRADING SLOW AND PRICES SHOW BUT FEW CHANGES

NEW YORK, May 19.—Trading was slow in starting on the New York stock exchange today and prices showed few changes. The most noticeable development was the strength of stocks of companies which had passed or cut dividends. Republic Steel was off ½ at 57½, but within a few minutes was back to 58. New York Airbrake, its divident cut 50 per cent, opened 3-8 up at 69⅛ and then ran up to 70½. There was little change in the rest of the list from closing prices of Wednesday with the exception of independent steels. Crucible was off 1¼ at 76. United States Steel opened ¼ off at 83. Mexican Petroleum was unchanged at 148¾ and Pan American was fractionally higher. Rails were slightly lower.

PREMIER BRIAND FLINGS DOWN GAUNTLET TO ENGLAND

PARIS, May 19.—Premier Briand of France today reiterated his statement of Saturday, flinging down the gauntlet to Great Britain. "I stand on what I said Saturday," he declared after reading Premier Lloyd George's warning of yesterday. "There's nothing in the Versailles treaty saying the Germans shall get the rich mining district of Upper Silesia while the Poles get the remainder." Briand made his statement prior to entering the Palais Bourbon to make a defense of his foreign policies. "It's only a little flurry of bad humor on the premier's part," he said with a smile. "It will pass soon—there's no harm in it. I don't care to enter into a controversy with Lloyd George, but France cannot remain neutral if Germany is permitted to invade Upper Silesia."

PANAMA APPEALS FOR AID IN DISPUTE WITH U. S.

PANAMA, May 19.—Panama today appealed to South American nations to intervene in her controversy with the United States over disposition of a strip of Central America claimed by both Panama and Costa Rica. The government sent envoys to Peru, Argentina, Brazil and Chile to ask those countries to demand that final disposition of the disputed province to be left to a commission from the Latin American nations and the United States. At the same time, Secretary of Foreign Affairs Garay sailed for Washington, presumably with an answer to Secretary Hughes' ultimatum, directing Panama to vacate the disputed territory. It was reported Garay would request further consideration by United States authorities, politely refusing to vacate until the request was granted.

SETTLEMENT OF MARINE STRIKE CERTAIN, IS BELIEF

WASHINGTON, May 19.—Striking marine engineers and seamen are ready to settle on a reduced wage basis, they notified Secretary of Labor Davis at a conference today, at which they asked him to reopen negotiations with vessel owners and the United States shipping board. The strike committee which called on Davis submitted a detailed proposal for settlement which Davis today will place before the employers. The proposal contains a desire to settle on a basis of 15 per cent wage reduction as proposed by Chairman Benson ten days ago but which at that time was rejected by the strikers. Proposals also were made for payment of overtime and Sundays. Labor department officials today were doubtful whether the ship owners would accept any of the proposals made by the strikers through Davis.

NAVY BASE VICTORY GIVEN SOUTHLAND IN U. S. SENATE

LOCAL CHAMBER OF COMMERCE GETS MESSAGE ON ACTION FROM H. W. JOHNSON

"Washington, D. C.,
"May 18, 1921.

"Chamber of Commerce,
"Glendale, Calif.

"I am glad to report to you the senate agreed today to the items in the naval bill relating to southern California with the exception of the purchase of land near Camp Kearney which was not continued for vote until Friday.

"HIRAM W. JOHNSON."

That is the way United States Senator Hiram W. Johnson describes the first victory in an united effort on the part of the civic bodies of southern California to maintain the Pacific fleet. But more resolutions and telegrams are deemed necessary to save the day, as the appropriations for the navy construction program comes up for final vote tomorrow and it may be defeated.

Among the amendments accepted yesterday was $1,000,000 for the development of a submarine base at San Pedro, Calif., according to news dispatches. A fully-equipped navy yard at Mare Island also is needed and the unity of all organizations along the coast is needed to win this defense, it is stated.

Visitors from other states are urged to wire the senators or congressmen to vote for measures protecting the Pacific coast at this time. It is only this concerted effort which will win, according to the Chamber of Commerce officials who are doing all in their power, according to Secretary James M. Rhoades.

Wedding Anniversary Fittingly Celebrated

Mr. and Mrs. Harry St. Clair and family of 1250 South Maryland avenue have had visitors during the winter from practically all parts of the country. Mrs. St. Clair's sister, M. Agnes St. Clair of Indiana, Pa., who had attended the world's Sunday school convention at Tokyo, Japan, stopped on her way home for some two months. Their oldest daughter, Mrs. Thomas Hastilow of Columbus, Ohio, and four children were also visitors and left for their home on Tuesday night, May 17.

Sunday the nine living children of Mr. and Mrs. St. Clair, with most of the grand children, met together for the first time in sixteen years to assist in the celebration of the forty-fourth wedding anniversary of their parents.

Those present included Mrs. T. Hastilow and her four children, R. E. St. Clair and three children, Mr. and Mrs. M. T. St. Clair and son Robert, Mr. and Mrs. Charles Weiskopf and three children, Mr. and Mrs. Harry L. St. Clair and son, Spencer, Mr. and Mrs. N. W. Root, Mary Agnes St. Clair and Nancy St. Clair. A most glorious and happy day was enjoyed.

Mrs. Charles Carroll Is Hostess To Club

The members of the Wednesday Afternoon Bridge club were entertained yesterday by Mrs. Charles Carroll at the home of her mother, Mrs. I. N. East, 213 South Jackson street. American Beauty roses were used for decorations. The hostess served delightful refreshments. High score was made by Mrs. Helen I. Campbell.

Club members present included Miss Elma Miess, Mrs. F. J. Rogers, Mrs. Claude Putman, Mrs. S. B. Morse, Mrs. Harry H. Powers, Jr., Mrs. Grace George, Mrs. E. E. Fast and the hostess, Mrs. Charles Carroll. Guests present were Mrs. William Althouse, Mrs. George Robinson, Mrs. Helen I. Campbell and Miss Mary Douglas of Laguna Beach.

Mrs. Helen Clack To Leave For Portland

Mrs. Helen Clack, who has been staying at the home of Mrs. F. L. Bates at 638 North Kenwood street for the past two months, will leave Friday morning for Portland, Oregon, where she will make her future home. During her year's visit in Glendale Mrs. Clack has made many friends, and it is with much regret that she is to make her home in the northern city.

MR. AND MRS. YAGER VISIT

Mr. and Mrs. Thad Yager of Fillmore were in Glendale yesterday visiting with friends. Mr. Yager formerly owned Pope & Tollet's confectionery store.

Griffit of Yokohama, Japan, and Mrs. Marguerite Lock Coats, of the Methodist Episcopal Home Missions, will be the speakers of the afternoon. Mrs. Rhea Baker will give a Bible study at 11 a. m. Those wishing to attend are asked to bring their own lunch.

Mr. and Mrs. John Hyde Braly of 505 North Brand boulevard attended the Valencia Orange Show at Anaheim yesterday. The decorations and arrangements at the show were very artistic and dainty. One of the interesting features was the miniature packing house where two Riverside young ladies, Miss Edith Mays and Miss Mildred Selley, wrapped and packed 125 boxes of oranges in 8 hours, receiving 7½ cents per box. Mr. and Mrs. Braly state that the whole show was a great success and very much worth while seeing.

Professor Carl Knopf, assistant to Bishop Leonard in the San Francisco area delivered an illustrated lecture last night at the First M. E. church. He showed the different fields where the Methodist church is represented and the great need of those countries. The centenary fund has made possible this large enterprise. All the Methodist churches of Glendale united in this service and there were also visitors. Pastors and members from Alhambra and Altadena Methodist churches were present. Dr. W. L. Y. Davis, district superintendent, presided.

Kenneth White, the thirteen-year-old son of Representative John Robert White of 325 North Orange street, who has been confined to his bed with a serious illness for the last several months, is reported to be gradually convalescing and expects to be himself again in the near future. Kenneth's trouble dates back three years, when he contracted a severe case of rheumatism that left him with a weak heart. Last winter, after apparently outliving this trouble he suddenly suffered a recurrence and since that time has been very weak. The many friends of the White family will be glad to hear of his coming recovery.

JOYRIDERS KILL COW

"Joyriders killed a cow." That is the report of Constable Henry Purrier of Burbank township this morning. The guileless bovine was wandering along Kenneth Road near Pacific avenue during the night when its end came. James Conners, a prominent resident of the Grand View district, owned the animal.

EVERY CORSET FITTED BY OUR EXPERT CORSETIERRE

A Well Poised, Graceful Figure Can Only Be Had by Wearing A GOOD CORSET

—yet a good corset is by far the cheapest in the end. It lasts twice as long as a corset of the cheaper grade. Aside from that, it has much to do with the comfortable fitting of your clothes and that graceful contour to your figure. The new summer models include the new plain and fancy brocades in white, pink and blue—as well as blue and pink combinations.

—Our corsetierre will gladly suggest a style which will insure you a well poised, graceful figure.

—We also have a complete stock of Brassieres.

Miss Alta Lovell Is Bride Of H. Harrison

The wedding of Miss Alta Lovell, daughter of Mr. and Mrs. Hazen I. Lovell of 415 North Central avenue, and Harlow A. Harrison, son of A. J. Harrison of Glendale, the exact time of which had been kept a secret from even their most intimate friends, took place yesterday morning at 11 o'clock at the home of the bride. Only immediate relatives of the bride and bridegroom witnessed the ceremony, which was performed by Reverend E. E. Ford. The bride wore a gown of the customary white silk and tulle wedding veil fastened with orange blossoms and carried a bridal bouquet of white roses. The entire house was decorated with pink and white.

Mr. and Mrs. H. A. Harrison left by automobile for Santa Barbara and Sequoia National park, where they will spend their honeymoon. Upon their return they will make their home at 221 West Lomita avenue. Mrs. Harrison for some years has been employed at the Glendale Savings bank and Mr. Harrison has been employed as a book-keeper at the city hall.

Mrs. Oscar Stees Is Hostess To M. O. Club

The M. O. club met yesterday at the home of Mrs. Oscar Stees, 240 South Glendale avenue. Those present included Mrs. Janet Hail, Mrs. A. D. Hurd, Mrs. N. S. Miller, Mrs. L. Davis and baby, Mary Alice, Mrs. Hardey and two children of Burbank, and the hostess. The afternoon was devoted to needlework, at the close of which refreshments were served.

HIGH SCHOOL P.-T. A. OFFICERS CHOSEN FOR NEW YEAR

MRS. E. B. WYMAN IS PRESIDENT OF ORGANIZATION; UNIFORM CONSTITUTION FAVORED

(Continued from Page 1.)

part. The bill also provides that the educational interests of the United States be centralized in one man, who shall be a member of the president's cabinet. It will mean a closer co-operation between national and state government on educational matters. Mr. Moyse made a motion to the effect that the association request its secretary to write letters to the president, state senators and congressmen, placing before them the fact that this High School Parent-Teacher Association urges and asks for favorable action on the Smith-Towner bill. The motion carried.

School To Be Crowded

Mr. Moyse also spoke to the members of the association on the problem which will face high school officials upon the opening of the new school year. There will be approximately 190 students graduated from the high school. The Glendale public schools will graduate about 130, and taking this number with the number to be graduated in other sections of the union high school district and newcomers who will move in, the total number of new students will probably be in the neighborhood of 400. Even with the additional room afforded in the new bungalow buildings, this number will crowd the school to its limit.

Glendale Union High school is twenty-sixth in the list of high schools of the state as regards attendance, and Glendale Union High school district is the sixteenth largest district.

One of the questions which was asked during the meeting was as to whether the Parent-Teacher association can do anything to discourage the giving of parties on school nights. The remark was made that the parents who allow this sort of thing were not the ones who attended the meetings of the association and did not realize the effect these parties have upon the school and the efficient study of the students.

Following a general discussion of the matter, no action being taken, the meeting adjourned.

May Allison Featured Palace Grand Today

"The Marriage of Wm. Ashe," starring May Allison, is the feature attraction at the Palace Grand theatre today. This new Metro production is announced by competent authorities to be one of the outstanding dramatic pictures of the year, and one of the best in which the star has yet been seen.

Miss Allison will be seen in the role of Lady Kitty Bristol, who flees from the convent in which she has been placed by her parents and travels to London, where at length she makes the acquaintance of William Ashe, the secretary for home affairs in the British cabinet, and subsequently marries him. Following her marriage to Ashe and their honeymoon abroad, Lady Kitty meets Cliffe, a radical, who poisons her mind against the party of her husband.

Influenced by Cliffe, Lady Kitty publishes a book dealing with affairs of state, and is then discovered in the apartment of Cliffe by her husband. She strives to square herself, however, but is prevented by Ashe. She then returns to the convent from which she fled, only to be found there some time later by Ashe, who forgives and loves her.

A new Sennett comedy, "His Fickle Fancy" and the latest news views are also on the program while the orchestra features "Cavaleria Rusticana." Pearl White will be seen in "The White Moll" tomorrow.

Mrs. J. E. Lyons Gives Luncheon To Members

Mrs. J. E. Lyons of 619 North Maryland avenue was hostess at a luncheon yesterday to the members of the Shakespeare section of the Tuesday Afternoon club, of which Mrs. O. E. Von Oven is curator. Red and white roses, the section's flower and colors, were used as floral decorations throughout the house. After a delightful two-course luncheon an interesting program was given. Plans were made for the Shakespeare pageant which will be given next Wednesday at the Masonic temple for the benefit of the clubhouse fund. The annual picnic, which will be the close of the section's work for the year, was also discussed.

Mounted on top of a single metal tube are several dials which indicate the temperature at different depths of a pile of coal into which the tube is inserted.

A novel lunch pail can be carried on a belt under a man's coat, being curved to fit the body.

A New York magistrate sentenced a barber to five days in the workhouse for presenting a bill of $6.15 to a customer desiring only a shave.

Smash Show Windows, Escape With Jewelry

RIVERSIDE, May 19.—Thieves just before daylight this morning broke the show windows of the Crowell Jewelry store on the east side of Main street and Ewert Jewelry store directly opposite and got away with watches, diamonds and other jewelry valued at between $3000 and $4000.

The patrolman, according to headquarters, had made his rounds at 5 o'clock and returning down the street saw a big gray roadster drive away from the front of the Crowell store. On arriving at the scene he discovered the window broken and everything of value taken. In the Ewert window there was not much of value. The loss will be in the neighborhood of $3000 or $4000.

Harding For Passage Knox Peace Measure

WASHINGTON, D. C., May 19.—President Harding desires passage of the Knox peace resolution within a reasonable time, it developed today, following a conference between Harding and Chairman Porter of the house foreign affairs committee.

At the same time it was understood Harding refused to indicate any preference between the form of the resolution as it was passed by the senate and the form which Porter, who has charge of it in the house, favors.

Husband Of Suspect Admits Part Evidence

HONOLULU, T. H., May 19.—Paul Vincent Southard, husband of Mrs. Lydia Southard of Twin Falls, Idaho, held here as an alleged feminine "Bluebeard," today admitted that he had applied for a substantial amount of life insurance here, according to Chief of Detectives McDuffie.

Mrs. Southard is accused of poisoning four husbands and her brother-in-law and collecting insurance.

"Yes, my wife did advise it," McDuffie said Southard told him.

"I am convinced my wife is innocent," Southard told McDuffie, after he had a private interview with his wife. The interview was the first private meeting the two have had since Mrs. Southard was arrested more than two weeks ago.

Franklin K. Lane's Funeral To Be Private

CHICAGO, May 19.—The body of Franklin K. Lane, for seven years secretary of the interior in the cabinet of President Wilson, arrived here today from Rochester, Minn.

The body was accompanied by the widow, a brother, George Lane, and Mrs. Franklin K. Lane, Jr. The funeral services will be private and in accordance with Lane's wishes, the body will be cremated.

Colonial Conference Favors Milder Policy

TOKIO, May 19.—The so-called "colonial conference" of Japanese Asiatic officials and the cabinet was reported today to have decided to follow a milder policy in handling the Korean situation, but at the same time to watch more closely the activities of Koreans in Manchuria and South Siberia.

The conference, which is secret, is being attended by the Japanese ministers to Pekin, Japanese government officials from various parts of Asia and members of the cabinet.

OVER 30,000 YANKEE HEROES STAY IN FRENCH SOIL

THOUSANDS OF BODIES TAKEN HOME; THOUSANDS MORE TO REMAIN FOREVER

By WEBB MILLER
United Press Staff Correspondent

PARIS—More than thirty thousand bodies of American soldiers will lie forever in French soil. Four bits of French soil have been chosen as the final resting places for the bodies—four bits of France that "will remain forever America." The permanent fields of honor will be Romagne, Belleau, Flanders Field near Bony, and Suresnes on the outskirts of Paris.

A commission headed by Colonel C. C. Pierce, had arrived from the United States and approved the choice of the four permanent cemeteries. The commission, which is composed of W. M. Kendall, C. M. Moore, James Grenleaf and Major George Gibbs, architects and artists, are inspecting the sites with a view to recommendations for beautifying these fields to make them the most beautiful burying places in Europe.

The Romagne field will hold the majority of the bodies of men killed in the Argonne fighting—14,000 in all; the Belleau field on the hillside near Belleau Wood will contain 7,000 bodies; Suresnes will hold 4300, including many bodies of wounded who died in Paris hospitals, while Flanders Field will contain 2100.

Thousands of Bodies Sent

At present the American Graves Registration service is engaged in disenterring the bodies intended for shipment back to the United States. Up to the present 14,646 bodies have been disinterred and shipped. Nearly five thousand bodies are lying at the ports awaiting transport. By October all the bodies requested for shipment back home will have been shipped. Then the Graves Registration service will begin the task of concentrating the remaining bodies in the four permanent fields.

This task will occupy nearly all of next year. The size of the task—and incidentally an idea of the debt of the allies to America—is more vividly shown by a map in the office of Major C. L. Sampson of the Graves Registration department than could be told in words.

At every point where the body of an American soldier was buried was stuck a red pin. The map which comprises all of France, Belgium and Luxemburg is literally studded with red pins—from the Pyrennes to the Argonne, from the Alpes-Maritimes to the English Channel—the soil of France is sprinkled with American dead. Altogether there are 550 pins on the map—meaning that at 550 different points there were buried American soldiers, sometimes a lonely grave, sometimes a dozen, sometimes hundreds. Many of the graves are hundreds of miles from the fighting lines. At these places wounded soldiers died in hospitals or soldiers on leave died and were buried on the spot. The line of American communications from the ports to the fighting lines can be traced across France by the row of red pins indicating burial places.

More than 400 Americans are engaged in various parts of France and Belgium in disinterring the bodies for shipment. By October about 45,000 bodies will have been shipped. The nearest of kin of 19,861 have specifically requested that the bodies remain in France. The others for which there is no specific request for shipment home will remain also.

Fields Designed As Shrines

When finally completed the permanent cemeteries will resemble the national cemeteries in the United States—long precise rows of grassy mounds with spacious walks between. At the head of each grave will be a stone marker with the name and organization of the soldier lying beneath.

The permanent fields are being designed as shrines for Americans in Europe for all time to come. Already hundreds of friends and relatives of the fallen are flocking to the graves.

The American army will probably have a lower percentage of unidentified dead than any allied country. The Graves Registration service expects eventuallly to identify all except a very few bodies.

Boys Borrow Speedster For Joyride, Arrested

Gordon Mapes, 16, of 350 West Patterson avenue, and Ernest Shackley, 16, of 533 East Acacia avenue, were before City Recorder F. H. Lowe this morning for reprimand, it being alleged they took Arthur Boyce's Ford speedster from its parking place in front of the high school for a joyride yesterday afternoon.

However, they drove right into the hands of Boyce and a policeman at a gas-filling station with the result that they were arrested in their fun. Judge Lowe impressed them with the seriousness of their crime and gave them to understand that such pranks could not be tolerated.

Scout Headquarters To Be Opened Here

H. Benjamin Robison, acting scout executive, addressed the following communication to The Glendale Evening News and asked that same, together with the Scout oath, be published:

Scout Oath

On my honor I will do my best—
1—To do my duty to God and my country, and to obey the Scout law.
2—To help other people at all times.
3—To keep myself physically strong, mentally awake and morally straight.

Scouts, be sure to watch the paper for the announcement of the opening of Scout headquarters in the city hall, also for other things of importance which may come up.

I am planning a big council hike to be pulled off soon; watch for the date. Don't forget we are going to have a camp this summer; begin and get new recruits right away.

Here's something fine, Scouts. We are to be the guests of the Glendale theatre next Saturday night. Mr. Howe has invited all Scouts in Glendale. You are to meet at the Scout headquarters in the city hall, in full uniform Saturday evening at 6:30. Don't be late as we are going to have a grand old time. Which troop will have the most Scouts there? and in uniform?

Troops No. 1 and No. 4 are going to get busy again and we shall expect to see them out in full force on next Saturday night.

All boys who would like to be Scouts please come and see me or telephone me. My address is 407 North Louise street. Phone Glendale 2102-M. Join now and get in on the summer good time.

H. BENJAMIN ROBISON,
Acting Scout Executive.

Special Notice

It is very gratifying for us to know that Gopher Scent has been the cause of so many Glendale people ridding their property of gophers.

No animal is more annoying or destructive than the gopher, and that is why Gopher Scent has such a host of friends and admirers simply because it actually does destroy the gopher.

If you have not already tried a box of Gopher Scent try one and you will find that the scent of gopher is what lures them to their death.

We will ask you, however, to use it systematically and intelligently, according to directions on box.

The gopher is cunning, so is Gopher Scent. Sold in Glendale at

LARGE INSTITUTION WILL OPEN HERE NEXT MONDAY

BUILDING AND LOAN CONCERN TO HAVE PROMINENT PART IN CITY'S UPBUILDING

Formal opening of the Southern California-Metropolitan Loan association's Glendale branch, 113 West Broadway, will take place next Monday. The association is the oldest building loan association in Los Angeles county, with a business record of more than thirty-four years. The guarantee capital, surplus and reserve fund is more than $200,000 and the total resources more than $2,000,000.

S. L. Roland, whose home is in Verdugo Woodlands, is general manager of the association and he is taking a personal interest in the establishment of the Glendale branch, which will be strictly a local organization.

L. B. Beach and C. W. Weyand will be in charge of the Glendale office and both are residents of the city and property owners.

The aim and purpose of a building and loan association is to aid and encourage its members to learn and practice thrift by regular systematic savings and to provide ways and means by which every family may procure a home. Consequently, the association intends to take a prominent part in the upbuilding and prosperity of Glendale and, it is predicted, will have a hand in the construction of many homes here.

Gives Information

In discussing the association and its aims, General Manager Roland said:

"The following are the different investment features offered by the Southern California - Metropolitan Loan association:

"Full Paid Investment Securities—These certificates are intended for people who desire to invest a fixed sum on which they can draw their dividends in cash. They are issued in sums of $100, or any multiple thereof, and pay 6 per cent per annum, payable semi-annually, January 1st and July 1st of each year. They are withdrawable at any time after one year from date of issue, together with 6 per cent up to the date of withdrawal.

Installment Certificates

"For people who desire to invest whatever they can spare from time to time out of their salary or their income, but do not want to pledge themselves for any specific amount each month, we issue what is termed installment investment certificates. These certificates are issued in any number from one up and are of the par value of $200 each. Privilege is granted to pay any amount at any time in even dollars. They bear 5 per cent. Whenever the amount paid in plus dividends at the rate of 5 per cent per annum, compounded semi-annually, amounts to the face of the subscription, the holder is paid $200 in cash for each certificate held. These certificates are withdrawable in part or in full at any time with dividends at 5 per cent to date of withdrawal, or, if the holder prefers, as the amounts standing to his credit from time to time accumulated to sums of $100, he can reinvest in full paid 6 per cent investment certificates.

Membership Shares

"For those who prefer to invest a fixed sum each month and get the benefit of larger earnings, we issue what we term membership shares. The par value of each share is $200—payment $1 per month per share. The dividends on this class of investment has never been less than 7 per cent per annum, compounded semi-annually. Whenever the amount paid in, together with the accumulated earnings, amounts to $200 per share, the holder receives the face of his certificate in cash. The amount paid in can be withdrawn in full at any time. If withdrawn under ninety-six months, settlement is made on a basis of 5 per cent per annum for the average time the association has had the money. After ninety-six months the full net earnings are paid.

"The building and loan law provides that we can require thirty days' notice on withdrawals. It further provides that all withdrawals shall be paid in the order in which they are filed and that the association shall not be compelled, without the consent of the board of directors, to use more than 50 per cent of the receipts of the association in any one month in the payment of withdrawals. This is a wise provision, as under this safeguard it would be almost impossible to make a run strong enough to break a building and loan association, but in the thirty-four years that we have been in business we have never found it necessary to take advantage of the above provision. It has always been our policy if a man called for his money to give it to him on demand.

"Money invested in a building loan association is exempt from every kind of taxation except the income tax.

"By purchasing these investment certificates, you are securing a two-fold investment.

"You are benefiting yourself directly by the exceptionally safe and profitable investment, with its tax exemption and guaranteed dividend features. An unusually attractive investment.

"You are benefiting yourself indirectly through the retroactive law of circulating capital.

"The funds secured through the placing of these investment certificates are put to work building homes.

"The lumberman, painter, plumber, brick manufacturer, decorator, contractor, architect, laborer and many others benefit immediately by these released funds.

"An established home makes one more outlet for the dry goods merchant, furniture dealer, produce and grocery market.

"Thus the wheels revolve, bringing back many returns to the citizen investing in investment certificates as offered by the Southern California-Metropolitan Loan association."

18 Innings, No Score And Only Five Hits Allowed By Pitcher

RIVERSIDE, May 19.—"Big Chief" Newman, the Indian pitcher who will face Lincoln high, Los Angeles, when Riverside plays Lincoln in the semi-finals for the prep school title of the south, has not allowed a run in eighteen innings and only five hits have been made by opposing hitters. Pomona was held to two hits and no runs, while Perris was held to three hits and no runs. Newman is going great and poly is expecting to grab the game from Lincoln. Poly is hitting the ball hard and fielding in great shape. A large number of students will go to Los Angeles tomorrow. The game is to be played on the Jefferson high diamond.

WATCHING THE SCOREBOARD

Yesterday's heroes—the Smith family. Earl Smith hit a homer in the ninth, winning the game for the Giants from the Cubs, 3 to 2.

Elmer Smith hit a homer with Speaker on, enabling Cleveland to beat the Athletics, 4 to 2.

Meusel's homer with two on base gave the Phils a 7 to 6 victory over the Cardinals. Shatton, Fournier and Hornsby also hit homers.

Detroit made a triple play but lost to the Red Sox, 2 to 0. Scott lined to Young who touched McInnis out on 2d base line and threw to Bush who tagged Hendryx off second.

Shanks hit a pair of home runs but the Browns beat the Senators, 8 to 3.

Southworth hit a home run and helped the Braves to beat the Reds, 6 to 1.

Cooper held the Robins hitless for five innings and then eased up, the Yankees, 12 to 2. The Babedidn't.

SURPRISES RESULT IN MAJOR LEAGUE PENNANT RACES

GIANTS CLOSE IN AND ANNEX FOUR IN ROW; YANKEES PUT BEE UPON CLEVELAND

NEW YORK, May 19.—Major league pennant races were considerably brightened by the second number of the east-west series just ended.

The Giants closed in on the leading Pirates and the Yankees took the lead away from the Cleveland Indians. Pat Moran was treated like anything but a guest on the Polo Grounds, the Giants taking four straight games.

The St. Louis Cards, on the other hand, acted like anything but guests over in the Brooklyn section and took three out of four from the Robins.

Pittsburg did well to get two out of three from the Phils and the Braves and the Cubs split even.

Yankees Provide Surprise

The Yankees pulled the big surprise in the American league by going into Cleveland and taking three out of four games from the champions. The New Yorkers went west in a rather pessimistic mood but the team rallied and has lost only two games on the trip.

Washington got an unpleasant reception in Detroit, where the Tigers took three out of four. There was also some more evidence that makes it look as if Walter Johnson were through.

The White Sox mopped up the Athletics with four straight victories and the Browns and Red Sox split even.

All Star Visitors Lose To Local Elks

The Glendale Elks' bowling team played a practice match on the local alleys last night with a squad of brother Elks from Los Angeles, who term themselves the "All Star" team, but which was defeated two out of three games by the team of No. 1289. The score and players were as follows:

Dempsey In Public, Carpentier In Retreat

NEW YORK, May 19.—Widely divergent scenes are being enacted in the training camps of the two glove gladiators who will decide the world's championship in Jersey City, July 2.

Dempsey, the champion, is batteing big sparring partners around in Atlantic City. Carpentier, the challenger, is resting at Manhasset.

The big American is welcoming friends and the public. Carpentier is keeping out of sight.

Beyond taking a little walk Carpentier has done nothing yet and his trainers say he will remain in comparitive inactivity until the first week in June.

From all appearances he is still suffering from the effects of his voyage.

Tennessee People To Picnic Next Saturday

Everything is reported ready for the annual picnic reunion of the Tennesseeans of southern California. It will be held in Sycamore Grove park, Los Angeles, all day Saturday, May 21, with basket dinners at noon. All will bring dinner, but will have coffee supplied. County registers, souvenir badges and program will add to the fun. Prof. Monroe W. Wilson, president, will preside and will have charge. All Tennesseeans are urged to attend.

Germany Must Disarm By June 15, Is Order

BERLIN, May 19.—Germany must disarm by June 15, according to allied terms handed the government here.

The demands, presented by M. Hellet, French representative, were:

Reduction of the army to 100,000 by June 15.

Surrender of all surplus war material by June 30.

Delivery of all arms by the civil population by June 1.

Dissolution of self-protection organizations by June 3.

The note also demanded that the "green" police be divested of all characteristics of a mobile military force.

Germany's police force, for the entire nation, is to be held under 150,000 men.

Big Corporation Opens Offices in Glendale

SOUTHERN CALIFORNIA-METROPOLITAN LOAN ASSOCIATION

The oldest Building Loan Association in Los Angeles County. Thirty-four years in business. Under supervision of State Building and Loan Commissioner.

Guarantee capital, surplus and reserve over $200,000.00.

Total Resources over $2,000,000.00.

Announces the opening of its Glendale office at 113 West Broadway on Monday, May 23.

Its object and purpose is to encourage frugality, savings and home building.

6% paid on Investment Certificates in sums of $100.00, or multiples thereof. Money can be withdrawn at any time after one year, together with 6% up to date of withdrawal.

5% paid on Installment Investment Certificates. Any amount from $1.00 up will start an Installment Investment Certificate account. Money can be withdrawn at any time in part or in full, together with 5% up to date of withdrawal.

Money invested in a Building Loan Association is exempt from every kind of taxation except the Income Tax.

The funds secured through the placing of these Investment certificates will be put to work building homes in Glendale. The lumberman, painter, plumber, brick manufacturer, decorator, contractor, architect, laborer and many others benefit immediately by these released funds. The established HOME makes one more outlet for the dry goods merchant, furniture dealer, produce and grocery market. Thus the wheels revolve, bringing back many returns to the citizen investing in Investment Certificates as offered by the Southern California-Metropolitan Loan Association.

Not only the money accumulated through the Glendale office will be loaned for building purposes in Glendale, but additional funds will be furnished by the home office from time to time.

Don't forget the opening day, Monday, May 23. Start your account on that date with any amount from $1.00 up to $10,000.00.

Presbyterians Oppose Sensational Methods

WINONA LAKE, Indiana, May 19.—The jazz method of getting church members is out of date.

Preaching of the old, old story by sensational and spectacular means which became famous throughout the land during the heyday of Billy Sunday's popularity, is no longer favored by the majority of America's leading churchmen. New members of churches are now brought into the fold of Christian fellowship by quiet and conservative teachings.

Most representative ministers and laymen frown upon what they now call the ragtime circus method of conversion.

These points were brought out most emphatically as the opinion of delegates to the Presbyterian general assembly who met as the committee on evangelism here.

This committee, in backing up the conservation methods, not only represented the rank and file of the 1,500,000 members of the Presbyterian Church of America, but also the views of most of other denominational governing bodies with whom it co-operates and exchanges views.

"Our 20,000 converts last year were gained through quiet boyhood methods," said Dr. George Mahy, head of the evangelical committee.

"We learned that most churches found this way most satisfactory.

Reverend W. R. Graham, New York, secretary of the committee, stated that those who follow a band to church usually leave when the band quits playing.

"We have dispensed with the sawdust trail and pied-piper methods altogether," he said. "Persons who are converted in wholesale lots are not as apt to stick to their church membership as those who accept the faith after a quiet talk by some good brother or sister."

The Reverend Graham said new members are now obtained by personal work of church members among their neighbors.

Alleged Slayer Plans To Return For Trial

HONOLULU, May 19.—Mrs. Lydia Southard, alleged feminine "bluebeard," charged with the poisoning of four husbands and her brother-in-law, today said she hoped to return to the mainland next week.

She remained in the hospital today saying she was trying to build up her strength for the trip from the islands to Twin Falls, Idaho, where the charges have been filed against her.

The greatest men are those who arouse admiration in us through their admiration of something greater than themselves.

ANNUAL PICNIC FOR BENEFIT READING CIRCLE JUNE 15

PLANS ARE COMPLETED WHEN MEMBERS HOLD MEETING AT LIBRARY ON WEDNESDAY

A very interesting meeting of the Mutual Benefit Reading Circle was held at the library yesterday, with forty members in attendance and Mrs. A. A. Barton presiding.

Plans for the annual picnic of the circle were completed. It is to be held at La Ramada June 15. All former members are invited and are asked to get in touch with Mrs. C. H. Pendleton or Mrs. A. H. Brown for reservations. All paid-up members may bring a guest.

A very interesting review of "Ten Rooms in the House of Life" was given by Mrs. E. S. Dodds. This dealt with art, letters, music, out-of-doors, sentiment, children, sports, food, religion and work.

Richardson D. White, superintendent of schools, spoke to the circle and explained the necessity of postponing the bond election.

Mrs. E. B. Moore started the reading of the new book, "When Children Err," by Elizabeth Harrison.

Blue Law Question Before Presbyterians

WINONA LAKE, Ind., May 19.—A concerted drive for Sunday blue laws and a move to check wide-open Sabbath agitation was started here today.

Church members of all creeds and faiths were asked to fight "the million dollar propaganda against our Christian Sabbath," and to urge civil authorities to prohibit Sunday amusements.

The Blue law question was thrown before the Presbyterian general assembly when session opened here.

"The battleground of the churches is on the field of the Christian Sabbath," the Christian Sabbath committee stated in a report to the conference.

Presbyterians, together with Baptists, Methodists and other denominations formed the Lord's day alliance which was organized for the promotion of the so-called "Blue Sunday." Dr. H. L. Bowlby of Newark, N. J., who is secretary of the Lord's Day alliance, is also head of the Presbyterian committee on Sabbath observance and wrote the report which was returned to the assembly today.

"One of the outstanding features of the campaign," said Dr. Bowlby, "is the nation-wide propaganda for a wide-open Sunday, backed by powerful amusement and sporting organizations bent on making the Christian Sabbath the big money-getting day of the week."

"We have already warned the leading ministers of the country that the most dangerous movement against the American Sunday in fifty years is now in progress.

"Close up the movie theatre, shut the gates of the ball parks, lock the doors of many places of business, and this paramount problem of the churches will be well on its way to solution."

Dr. Bowlby expressed the view that the Blue Sunday would come. He said those who once predicted prohibition would never come, now see it.

The one hundred thirty-third annual Presbyterian assembly opened today with an address by Dr. S. S. Palmer of Columbus, Ohio, retiring moderator. He deplored the ignorance of the children today regarding the teachings of the Bible.

Dr. Henry C. Swearingen, of St. Paul, and Dr. John G. Laird of Philadelphia are the chief contenders for the post of moderator. The election will be held after the preliminary organization work today.

Feminine City Marshal To Resign; No Arrests

JACKSON, Wyo., May 19.—Pearl Williams, Jackson's pretty 22-year-old feminine city marshal, is going to resign, she confided to the United Press today, because the town is so quiet that an officer of the peace is unnecessary. Miss Williams was re-elected to her office, as were the other women municipal officers of Jackson a few days ago.

"I didn't make an arrest during the year I acted as marshal" said Miss Williams. "The town's so quiet I've decided there is no need for a policewoman, so Im going to resign."

When asked how she tamed Wyoming bad men with smiles, the pretty lady "cop" said she backed up her smiles with the grim look of a Colt's 45.

"I killed three bad men and buried them myself," she said jokingly, "and since then I've had no trouble."

Miss Williams is going to resume her former occupation as "soda squirt," she said. The marshal business is too quiet. Anyhow, she has had her fill of being the law's representative, she declared.

A typewriter has been invented that sets up a line of type before it is printed, the printing being done with the type itself without the use of a ribbon.

S. S. Beran Company To Have Own Building

The S. S. Beran company, general building contractors, which has moved here from Los Angeles, will be located in its own building now under way at 305-307 South Brand boulevard. Mr. Beran has had seven years' experience in the contracting game in Los Angeles, making a specialty of business blocks, bungalows and similar work. He reports that his company now has jobs under way at Long Beach, Whittier, La Habra and Los Angeles.

A crew of seventeen carpenters are employed by the Beran company which also maintains its own electric, plumbing, masonry and cement crews to facilitate work. It is the company's policy to have its own workmen carry out each building to completion, thus saving subcontracts and the attendant waste of time, according to Mr. Beran who is quite impressed with the possibilities of Glendale.

Secretary Children's Work, Mrs. A. W. Rider, Los Angeles.

Secretary of Literature, Mrs. Frank Durham, Los Angeles.

Auditor, Mrs. H. J. Davies, Los Angeles.

'Black Beauty' Version At Glendale Theatre

Black Beauty, the most famous horse in the world's literature, had a number of interesting human acquaintances. The wonderful horse, whose autobiography as recorded by Anna Sewell has run through countless editions and has been read by millions in the past forty years, knew many things about these humans, and related them, but could not know or relate the intense drama going on indoors.

In preparing the motion picture version of "Black Beauty," Mr. and Mrs. George Randolph Chester have added the human story, to supplement the "Story of Black Beauty." The "Indoor Story," however, has been kept entirely separate from the "Outdoor Story," which Anna Sewell had Black Beauty tell.

The film version has been completed at last, in spite of almost insuperable difficulties, as a Vitagraph special production, and will be shown at the Glendale Theatre today, Friday and Saturday with Jean Paige in the leading human role.

And that will be only half of the program. Comedy's king will be present in person, according to the announcement of Manager William A. Howe, and with his company he will see how tonight's audience enjoys the preview of his latest superlaugh. A reissue of Harold Lloyd in "High and Dizzy" also will be shown while Madame Clement will play the "Sextette From Lucia," as a request feature number on the great organ. Don't forget to clip the valuable Glendale Theatre coupon from tonight's issue of The Glendale Evening News.

New Drug Store To Be Opened, 114 Brand

W. H. MacDonald, who conducts the Mission Spa at 114 North Brand boulevard, reports the sale of that sweet shop to Becker Brothers, M. E. and J. A., who propose to establish a drug store. The change in management will be effective May 26.

An addition is being built to the rear of the present building to enlarge the room and make room for a more spacious kitchen and prescription department. The Beckers will continue the fountain and light lunch service which has been built up by Mr. MacDonald.

Mr. and Mrs. MacDonald will remain in Glendale and probably engage in a similar business. They reside at 324 Ethel street.

Two Streets In Need Of Names; Know Any?

Two new streets in Glendale need names, according to the public works department of the city.

One is located in the Piedmont park tract in the northeastern section of the city. It is the first street north of Lexington Drive east of Glendale avenue, but does not conform with Doran street and cannot be considered as a continuation of that thoroughfare to Verdugo Road.

The other is located in the western part of Glendale and the land has been deeded to the city recently by the Edwards & Wildey company.

Houses are being built on both and it is vitally essential to public records that they be named in the near future.

AMERICA'S CHARITY HELPING TO SAVE MANY MILLIONS

RELIEF WORK IN CHINA BEING CARRIED OUT AND FAMINE MENACE GROWS LESS

By CHARLES EDWARD HOGUE
Staff Correspondent of United Press.

SHANGHAI — Famine conditions which have threatened 40,000,000 lives in Northern China and have been aggravated by typhus and other virulent diseases are being combatted today in such a systematic manner that it appears likely a major proportion of the population will be saved. The fate of the suffering financial support of America and China.

Highway construction on a greater scale than has ever before been known in China has been undertaken in Shantung, Shansi and Chili provinces, under the direction of the American Red Cross. As a result of this movement millions of starving families have been enabled to win a livelihood, while promoting the future betterment of the stricken districts.

Great Highway Completed

Already there has been completed a great highway from Teh Chow, in Shantung, to Kwan Tao and this road is to be extended eastward to Han Tan, where it will reach the Grand Canal, China's ancient inland waterway. Similar plans are under way for Shansi and Chili provinces.

Methods employed by the relief workers to obtain the best results for the benefit of the suffering populace have been carefully considered. Workmen are chosen from the families in greatest distress and are paid in grain in quantities sufficient to maintain the strength of the laborers and their families.

Peking Union Medical college dietitians have given their advice as to the amount of food necessary to maintain the sufferers and every precaution has been taken to avoid waste.

Millions of Dollars Needed

Transportation of food supplies to the people living from fifty to 100 miles in the interior from the nearest rail connection has proved a severe problem, but is being solved by the use of battalions of wheelbarrow coolies. Hundreds of these coolies with their squeaking barrows are daily trudging along the paths from rail to villages, bearing foodstuffs.

Present indications are that the first harvest will be reaped about June 20. Then the crisis will have been passed unless the elements decree otherwise. In the meantime millions of dollars must be forthcoming to save millions of lives.

'Nobody's Child' Facing Trial, Murder Charge

FARMINGTON, Mo., May 19.—Folks in the Ozarks mountains today hooked up their mules and drove into town to hear Letta Parsons' story in court.

Most everybody in the Ozarks knows about Letta.

For thirteen years she was nobody's child, just running around Farmington and the countryside, without father or mother.

She never learned to read or write—Letta is just "po' white."

Then shortly after her thirteenth birthday John Parson, a wood chopper, married her and brought her home to mother his two children.

Letta is being tried for the alleged murder of one of them.

Five days after she was married she blew the top of 6-year-old Lilly Parsons' head off with a shot gun.

The child bride—she didn't look it today, with her skinny pigtails and her scared eyes—says she didn't "make out" to kill Lilly. She says she was playing on the floor with the children and didn't know the gun was loaded.

But Johnny Parson, her other stepchild, says she killed his sister because she acted up when Letta was trying to comb her hair.

Then there are folks who say that Letta isn't such a child as her thirteen years indicate. "They say she was "gettin' even" with John Parson because he trapsied around with another woman right after he married Letta.

There is a chance the Ozark folks who know all about Letta won't get a chance to hear her story. The case may be heard behind closed doors.

But they are leaving spring planting and coming anyway, because, although Letta is a queer little creature—wild as a hawk some say—there are a passel o' folks who feel right sorry for her.

She always was "nobody's child."

One Dead, Seven Sick From Poisoned Candy

CHICAGO, May 19. — Poisoned candy today caused the death of one four-year-old boy and caused seven others to become seriously ill in Gresham, a Chicago suburb.

Margaret Penny, five, given a dime by her mother, bought candy at the store of Alexander Carlson. She divided with neighboring children. Freeman Doolittle died.

Carlson was held pending an investigation.

Americans Brave But Imprudent, He Asserts

DUSSELDORF, Germany—General Gaucher, who commands the French and British forces of occupation in Dusseldorf, has a warm spot in his heart for the American army. By the medium of this dispatch he wants to be cordially remembered to General Cameron, to General Menoher, to General Johnson and to General MacArthur.

It was under Gaucher that the famous American 42nd, or Rainbow, division received its baptism of fire. Gaucher's eyes light up when he speaks of the Rainbow lads, and particularly when he mentions that fine young soldier, "the MacArthur," a general who was oftentimes ahead of his own first line infantry in an advance.

Then he was in command over Cameron of the 4th division in the famous counter attack of July 18, 1918. He tells with relish of how he and Cameron shared the same "P. C." during that operation and controlled the development of their share of it. Later the general was shifted to Belgium, and there had under him the 91st or Pine Tree division of the Yanks, hailing from the Pacific coast and mountain states in general, but from "Powder River" in particular.

"Your men are brave," says General Gaucher, "but sometimes too brave, and a bit imprudent. I remember once they went into a town without arranging for their water supply—coats off, fighting in their shirtsleeves—and took the place in short order. But like all Americans, they had been eating too much sugar, either in their coffee or elsewhere, and got thirsty. So they abandoned the town and fell back to get water and supplies.

"'That doesn't matter, general,' they told me when I remonstrated. 'Now that we've had our water, we'll go back and take it all over again!'

"'Yes, but, my children,' I told them, 'you may take it back again, but in that way you'll have a big cemetery. And that is worth thinking of!'"

OVER MILLION LOSS EACH YEAR FROM CROW VISITORS

PESTS OF AIR MIGRATE TO OKLAHOMA AND DO HEAVY DAMAGE, IS ESTIMATE

STILLWATER, Okla.—Oklahoma's board bill for crows from its sister states—north, east, south and west—is $1,200,000 annually. These pests of the air, who migrate to Oklahoma for the winter holidays, are costly visitors.

According to a report made here today by C. E. Sandborn, professor of entomology at the Oklahoma A. & M. college, crows cause a loss of more than this sum to farmers each year, chiefly through their consumption of grain. The figure was arrived at on an estimate of 10,000,000 crows consuming $10,000 worth of grain per day for 120 days, the average period of their sojourn in the winter.

Heavy Damage Is Estimated

"Oklahoma boards the crow during the winter and thus raises a heavy burden from the northern and eastern states," the report says, "where it appears to be more of a summer resident than a winter pest. They have acquired the habit of decoying others and returning here until it appears the annual crop of crows from adjoining states winter here. The nature of the farm crops at this time of the year and the timber lands make a good refuge for them."

Compared with his report, Prof. Sandborn quoted statistics from four community councils of Logan county, which estimated that the crows did $71,200 damage in the county alone. The roosting places and food ranges of the crow are such, he said, that at least twenty counties were ravaged last year equal to Logan county, therefore making a total estimate of $1,424,000 for Oklahoma's board bill to crows.

Various Crops Are Damaged

"A proper description during the winter in Oklahoma would appear fictitious to persons who have not seen some proof of the crows' presence in the state," the entomologist declares. "Persons who do not travel over Oklahoma much, but have noticed hordes of crows hovering over certain sections of the state, might think that all of the crows in the country were bivouacing in that particular locality.

"The most serious complaints relative to crop damage indicate that Indian corn, kafir, sorghum, maize, darso, peanuts, pecans, melons and cotton are the products usually seriously damaged by the crows. They also injure germinating corn and oats.

"Their damage to crops, purloining of eggs and destruction of wild animal life are not only tremendous, but their habit of carrion eating makes of them disseminators of livestock diseases. This later damage is potential in character and practically incomputable."

Remember What Bret Harte Said Of Chinese?

By CHARLES EDWARD HOGUE

LICHUAN, Shensi Province, China, —Waste of money is inevitable when large sums are used for emergency relief in a country like China, where "squeeze" is an accepted and honorable practice, but an investigation of the famine region leads to the belief that the money that has been poured into this stricken land has for the most part been very well spent. Daily there is less and less waste.

But there are financial plague spots. Here in Shensi is to be found one of them. The local magistrate has, until John Hayes and his party of foreigners arrived on the scene to internationalize the control of the funds, been playing ducks and drakes with the money forwarded from Peking and Shanghai. Hayes put a sudden end to that situation when he discovered that the magistrate's home village was listed as having 8000 starving persons, whereas it is doubtful if that many persons live in the community.

"My village elders submitted the figure," blandly explained the magistrate, "and I had to accept their word or they would lose faith with my people."

Hayes was of the opinion that food was more important than faith and immediately set about remedying matters.

Another grave condition is being dealt with in the district administered by the southern army. A fund of $50,000 for famine relief fell into the hands of the authorities and was distributed impartially—and then re-collected as taxes.

But in spite of these instances of graft it must not be believed that the great majority of the famine relief money is not going into the proper channels.

Electrolysis, or damage to underground pipes and conduits caused by straying electric current from nearby street railways or power lines, results in a large economic loss each year and in rare cases has caused loss of life.

Retailers Must Reduce Prices, Say Officials

WASHINGTON—The Harding administration is using "pitiless publicity" as a club to beat down retail prices.

Regularly and almost unanimously cabinet officers and others holding important places declares that retail prices are higher than the prices of raw materials warrant and that the unwillingness of the retailer to reduce is contributing to industrial stagnation. These statements are made in speeches, talks with newspapermen or in other ways that will bring them before the consuming public.

The apparent aim of the effort is: First, to convince the retailer that he must reduce prices for his own good, as well as for that of other classes, and second, to drive home to the buyers that they can get lower prices if they demand them often and forcefully.

President Harding himself started the drive in his message to congress when he declared retail prices were too high and suggested a congressional investigation.

Since then the federal trade commission has issued a report on which the president based his statement. Secretary of Agriculture Wallace, Secretary of Commerce Hoover and D. R. Crissinger, comptroller of the currency, have declared in speeches that the retailer is holding off inevitable reductions.

Scarcely a day passes that the retail price reduction doctrine is not laid before newspapermen.

Correspondents went to see W. P. G. Harding, governor of the federal reserve board. Harding declared that retail price reductions had in many cases not kept pace with those of raw materials. He cited the case of a retailer who made 150 per cent on dry goods after the jobbers' price was reduced.

The same correspondents went to see Attorney General Daugherty who made similar statements.

"Those shoes," said Daugherty, "I paid $17.50 for a pair like that last year. A similar pair cost $12.50 this year, but with the present price of hides, the retailer might easily have made more on this pair than the $17.50 pair."

Assistant Attorney General Goff then said he bought a hat for $15 in New York last year.

"I got one just like it for $6 this year," he said. "The dealer explained that he couldn't get $15 for them."

"That's it," Daugherty said. "Three housewives with powers for positive conservation can do more to convince a retailer he should reduce prices than this whole department."

An eastern railroad is experimenting with a freight car with a body consisting of nine separate steel boxes which can be lifted by cranes to save transferring their contents and which are fire and burglar proof.

He who doesn't bring proper attention to his business will soon have his business brought to his attention.

AMERICANS MAKING HARD FIGHT FOR BRAZIL TRADE

FACING SEVERE TEST TO HOLD EXPORT BUSINESS BUILT UP DURING WAR

By MILES W. VAUGHN
United Press Staff Correspondent

RIO DE JANEIRO—The ability of American manufacturers to hold an export trade which was being built up during the war probably is receiving a more severe test in Brazil today than in any other nation of the world.

And taken by small and large, the American business man has little to be ashamed of in his record. Scores of American business houses now are fighting against the greatest odds to maintain their position, and it is to eternal credit that most of them are making good, despite obstacles.

The automobile trade offers an excellent example. During the war, and the months immediately following signing of the armistice, practically every American manufacturer of importance established branch houses in Brazil. Business came almost without effort, for Brazil, like the United States, was enjoying a period of undreamed of prosperity.

Bottom Falls Out

About eight months ago, however, "the bottom fell out of the market." The milreis started a gradual decline, which today has reached fifty per cent of its wartime value, in comparison with the dollar. Thus an automobile which could be sold for four contos of reis on January 1, 1920, today must be sold for approximately eight contos to bring the same amount of dollars to the seller.

One big Detroit manufacturer, who was selling an average of fifty cars a month in Brazil during the latter months of 1919 and the beginning of 1920, today admits that it is requiring five times as much effort to sell three machines a month.

"But we're not giving up," he declares. "We are increasing our advertising, keeping practically all of our salesmen and fighting for business. Within twelve months we hope—and expect—to beat our average monthly sales for 1919."

Of American Make

Practically all the new automobiles one sees on the streets of Rio and Sao Paulo—the two most important cities of Brazil—are of American manufacture. The American dealers, despite bitter competition from British, French, Belgian and Italian firms, are selling more than their share of machines and proving that the "high-price-of-the-dollar" argument is not as serious an obstacle as many European salesmen would like to make their customers believe.

Some firms, who were largely overstocked when the present financial crisis started, have been reshipping to Mexico, where they declare there is a ready market for American-made cars, especially in the Tampico district.

Give Alleged Record Of Female Bluebeard

TWIN FALLS, Idaho, May 19.—From the role of the attractive daughter of a prosperous farmer to that of an alleged feminine "Bluebeard" is the career that the prosecuting attorney's office today said it would prove Lydia Trueblood-Dooley-McGaffey-Lewis-Meyer-Southard had followed. She is now under arrest in Honolulu pending extradition on charges of murdering four husbands and one brother-in-law. This, according to the local authorities, is Mrs. Southard's alleged record. In 1913 she married Robert C. Dooley of Twin Falls. He and his brother, Edward, took out a joint insurance policy. Both became ill in 1915. First the brotherr-in-law died and then the husband.

In 1916 she married William McGaffey of Twin Falls. In 1917 he took out a $5000 insurance policy and October 22, 1918, he died in Billings, Mont.

In March 1919 she became the bride of Harlan G. Lewis, of Billings. He died after insuring his life, in July of the same year.

August 1, 1920, she married Edward F. Meyer of Pocatello, Idaho. He took out an insurance policy for $10,000 and in September, 1920, died in a hospital here. No attempt to collect Meyer's insurance was made, officers said.

Mrs. Meyer left here soon after her husband's death and was traced to Los Angeles where she had married Paul Vincent Southard. In Los Angeles she was presiding over the salad counter at a popular cafeteria.

Authorities declare that the girl, naturally attractive, had no difficulty in winning successive husbands. She lived with them in apparent happiness, they charge, and ministered carefully to their wants until they became ill. Then, it is charged, she would place arsenic in their food or medicine. Death would follow and, it is charged, physicians would attribute it to natural illness.

The bodies of all five of Mrs. Southard's alleged victims have been exhumed and examined, according to the county prosecutor, and evidence of arsenic poisoning found in every case.

Mrs. Southard will be brought to trial here. Extradition papers are now being arranged at Boise, the state capital.

Mrs. Pierson Hanning Entertains Visitors

Mrs. Pierson Hanning, of 235 North Orange street was the hostess Tuesday of Mrs. George Singleton of East Wilson avenue, this city, and Mrs. Singleton's daughter, Mrs. Cecil Peterson, of Hollywood. A delicious luncheon was served, after which the ladies enjoyed the afternoon chatting over "old times."

Mrs. Peterson, who was formerly Miss Marjorie Singleton of this city, has recently moved from Riverside, where she and her husband have lived since their marriage last November, to their beautiful new home at 1506 Howard Way, Hollywood, where she will be at home to her friends in the future. While living in Glendale Mrs. Peterson became one of the most popular young ladies of the local social set, and it is with great pleasure that her many friends received the news that she has moved to Hollywood, which is just "over the hill" from Glendale.

Mr. Peterson has been affiliated with a large automobile firm in Riverside for several months, but is now connected with a Los Angeles insurance company.

These 'Triplets' Are Causing Big Puzzle

BY CARL D. GROAT
United Press Staff Correspondent

BERLIN—After discussing earnestly, pro and con for several weeks, whether a woman could bear triplets—two in January and the third in March—the German scientific world awoke today to find it had been victimized. Instead of being confronted with a new scientific wonder, they had merely "fallen for" a false report of the statistics bureau, according to which a workman's wife, already mother of ten children, had borne two children on January 18 and the third on March 9.

The statistics bureau was likewise an innocent victim of the woman. It now appears that the woman, in expectation of becoming a mother soon, had notified the bureau of the birth of twins. This false notice, made in January, was given apparently so she could obtain extra food and milk cards.

Then, in March, when her one child was actually born, the mid-wife in accordance with the law, notified the proper authorities. This one child, incorrectly regarded by the statistics bureau as a delayed triplet, was duly recorded in the records, whereafter this strange "phenomenon" became public.

Thereupon learned gynecologists wrote serious articles for the press about this new wonder. Some of them held it for entirely possible; others were a bit skeptical; but most of them agreed that it was possible—the more so since they had the word of the statistics bureau that such a think had really happened.

Factory Occupation Failed In Uprising

BERLIN—Communist efforts to copy the Italian occupation of factories proved a miserable failure in the recent German red uprisings.

The most persistent of all occupations was at Leuna, where the Badische Soda & Aniline company operate a plant for extracting nitrogen from the air. Here the workers—that is about one-fifth of them—succeeded in holding on a week, increasing their meager supply of arms by raids against outlying posts of the "green police."

But in the case of Leuna, as elsewhere, all the glory of proletariat administration went up in a bubble as soon as the police took a hand. They hesitated nearly a week, apparently heeding to some extent the workers' threats to destroy important parts of the plant if the police intervened.

But their task was simple. They quickly routed the workers, and scattered the ragamuffin army, drilled under the "red Ludendorff—a man called Paul, belonging to the Bandit Max Hoelz's gang.

The Leuna workers thought the millenium had come when they occupied the plant. They foresaw a regime of proletariat control of plants throughout Germany. But they wilted like dew before the sun when force was used against them.

Stormings of Berlin plants were easily subdued. In some mid-German towns there were occupations but all were shortlived. This was due largely to the fact that the movement was distinctly a small minority affair.

Hold Your Ears, For Big Explosion Coming!

NEW YORK—"Prohibition has removed the American safety valve, and the country will 'blow up' within three years," Andre Tridon, psychoanalyst, declared today.

This "explosion," Tridon explained, would be signalized by the rush of hundreds of thousands of persons to insane asylums and sanitariums.

"The greatest cause of insanity is repression," Tridon said. "Every person is endowed with the craving for self-expression. This may take the form of music, art, oratory or what not. The American people, particularly the Anglo-Saxon element, have been taught to repress these natural desires. A drink or two enabled him to slough off their natural reserve, and they sang, or orated, or did what they most longed for.

"People who did not seek an outlet for these things through the temperate use of alcohol, or the intemperate use of drugs, often became insane—and their insanity took the form of doing to an extreme the thing they had repressed.

"Now we have prohibition. Its strict enforcement will bottle up these emotions and those who lack the strongest of will power will be a prey to nervous diseases, ending in the sanitarium or the asylum.

"This country is like a huge boiler. Excess steam escaped through the safety valve of temperate drinking. Now the valve has been tied down. Like any other boiler, the result will be an explosion."

Tridon emphasized that he is opposed to excessive use of alcohol.
